Crisis Log

This should be consistently kept for at least one week, and ideally for a month.

Date	"Crisis"	Cause
8/8/08	lkjlkjlkjlkjlkjlkjlkjl;kjl;kj;lkjl;kjl; iklkilkiilkiasdlfkialsdkifsaldkif	lkjsdlkjflaksjdlfkjasldjflajsjdlfkjasldkjflkasjdfl kiasdflaskdkiflaksidflkiasdlkfilaksdiflkisadf

Analyze your log after a week or a month and identify the most common causes of your "crises," then design and implement an appropriate plan to eliminate those causes. If they continue to occur after implementing the plan, review again and look for any possible "hidden" underlying causes.
